### STATEMENT OF VALIDATION OF INDIVIDUAL EFFORT

I, the undersigned, verify that the person(s) for whom I am requesting Navigation Certification(s) completed their test of skill on a International Orienteering Federation (IOF) standard map at an Orienteering USA Sanctioned "A" or Recognized "B" Meet. I further verify that I have asked each person individually for whom I am requesting a certificate on **Attachment I** if the posted official results represent the fruits of their individual effort or if, in fact, they received assistance from someone else in obtaining their final results. All persons listed represent only those who have indicated they have not received any assistance from others in obtaining their results.
