

Instructions for Orienteering USA Sanctioning Application

This is a PDF form. It has text fields and check boxes that you can fill out and save. Below are specific instructions for Mac OSX, Windows, and iPad.

Using Preview on a Mac: For best results, check “Text Selection” in the Tools menu. You can also use text annotations to write outside the boxes in the form, but this can result in overlapping text. Preview automatically saves your work. When you are done, you can Export as PDF to freeze your changes.

Using Acrobat Reader on Windows and Mac: The free Acrobat Reader application allows you to fill out this form and save your work in progress. You can print the form using the PDF printer driver to freeze your changes.

Using iPad: Open the form with a free app such as Adobe Fill and Sign. Note that this app does not use the preexisting text fields and checkboxes. You can type anywhere, and you’ll have to use an X whenever there are options to choose from. Adobe Fill and Sign is also available for Android platforms.

Please send your completed application to sanctioning@orienteeringusa.org.
