6. You should automatically be connected to the conference.

If you are using your phone:

1. If you are calling from the US just dial 617-600-7233.
2. If you are calling from somewhere else, there are numbers you can call in each country first, then when prompted you dial 617-600-7233 followed by the # key. You can get that list of numbers here: <https://www.uberconference.com/international>
